## 1. Overview of business results etc.

### (1) Overview of business results, etc. for the fiscal year under review

During the fiscal year ended March 31, 2017, while the Japanese economy experienced a continued recovery in corporate earnings as well as the employment environment and personal incomes, there were concerns about downside risks to the Japanese economy, including the orientation of policies of the new U.S. administration and their impact as well as uncertainties as to the prospects of economies in China and other emerging nations in Asia.

The pachinko and pachislot industry implemented industry-wide initiatives to promote replacement of pachinko and pachislot machines with models compliant with the new standards in response to voluntary regulations to prevent players becoming overly immersed in playing pachinko and pachislot. For pachinko, a decision was made to collect and remove "all the pachinko machines whose performance may differ from that of the models submitted for format inspection" by the end of December 2016. For pachislot, a step-by-step reduction of the ratio of "pachislot machines that are not compliant with the new standards" on an installation basis was decided. As a result, following the collection and removal of popular pachinko sequels, sales of their successor models picked up mainly in the year-end season. However, pachinko parlors largely adopted a wait-and-see approach to ascertain the reception of models compliant with the new standards. Thus, the market remained sluggish throughout the year for sales of both pachinko and pachislot machines.

In these circumstances, the Group introduced 11 pachinko titles (excluding reuse models) and six pachislot titles. Whereas sales were brisk for the Bisty-brand *EVANGELION-Time to Rise* pachinko title, which has become a signature series, sales of other titles were generally lackluster, partly affected by the overall market trend toward smaller-lot sales.

As a result, net sales were ¥81.4 billion, a decrease of 40.6% year on year. Operating income was ¥5.0 billion, a decrease of 73.1%. Because of recording of equity in losses of affiliates amounting to ¥2.2 billion, recurring income decreased 80.8% to ¥3.8 billion and profit attributable to owners of parent decreased 83.0% to ¥1.7 billion.

Results of segments are presented below:

#### Pachinko Machines Business

Regarding the pachinko machines business, sales amounted to ¥60.5 billion, a decrease of 38.4% compared with the same period of the previous year, and operating income amounted to ¥10.4 billion, a decrease of 45.4%. Sales of pachinko machines amounted to 172,000 units. Major titles released included *Fever a-nation* (introduced in July 2016) and *Fever Tiger mask 3* (introduced in November 2016) under the SANKYO brand, *Tekken 2 Tousein ver.* (introduced in August 2016) and *EVANGELION-Time to Rise* (introduced in December 2016) under the Bisty brand, and *Fever Queen II* (introduced in January 2017) under the JB brand.

#### Pachislot Machines Business

With regard to the pachislot machines business, sales amounted to ¥13.2 billion, a decrease of 49.1% year on year, and operating loss was ¥0.2 billion, compared with operating income of ¥4.8 billion in the same period of the previous fiscal year. Sales of pachislot machines amounted to 32,000 units. Major titles released included *Pachislot Symphogear* (introduced in August 2016) and *Pachislot The Melancholy of Haruhi Suzumiya* (introduced in December 2016) under the SANKYO brand, and *Evangelion "Wish of Victory"* (introduced in February 2017) and *Pachislot Mobile Suit Z Gundam* (introduced in March 2017) under the Bisty brand.

#### Ball Bearing Supply Systems Business

Sales of the ball bearing supply systems business were ¥7.2 billion, a decrease of 40.8% year on year, and operating income was ¥0.3 billion, an increase of 8.9%.

#### Other Businesses

Sales of other businesses were ¥400 million, a decrease of 30.8% year on year. An operating loss of ¥600 million was recorded compared with operating loss of ¥700 million for the previous year.

### (2) Overview of financial position for the fiscal year under review

Total assets at the end of the fiscal year ended March 31, 2017 amounted to ¥390.5 billion, having decreased ¥23.5 billion compared with the figure at the previous fiscal year-end. This decrease was mainly attributable to a ¥24.5 billion decrease in investment securities and a ¥15.2 billion decrease in notes and accounts receivable-trade, despite a ¥15.0 billion increase in marketable securities.

Total liabilities amounted to ¥50.2 billion, having decreased ¥14.9 billion compared with the figure at the previous fiscal year-end. This decrease was mainly attributable to an ¥18.0 billion decrease in notes and accounts payable-trade and a ¥3.8 billion decrease in accounts payable (included in "Other" of Current liabilities), despite an ¥8.1 billion increase in electronically recorded obligations-operating.

Net assets decreased ¥8.6 billion compared with the figure at the previous fiscal year-end. This decrease was mainly attributable to cash dividends paid amounting to ¥12.1 billion, while profit attributable to owners of parent amounted to ¥1.7 billion and net unrealized gain on other securities increased ¥1.4 billion. As a result, net assets amounted to ¥340.2 billion and the shareholders'

equity ratio increased 2.8 percentage points to 86.9%.

### (3) Overview of cash flows for the fiscal year under review

Cash and cash equivalents (hereinafter “cash”) at the fiscal year-end were ¥251.8 billion, having increased ¥16.9 billion from the previous fiscal year-end.

Net cash provided by operating activities decreased ¥8.7 billion from the previous fiscal year to ¥8.5 billion. Principal cash inflow items were a ¥15.2 billion decrease in notes and accounts receivable-trade, income before income taxes amounting to ¥3.6 billion, and depreciation and amortization amounting to ¥2.9 billion. Principal cash outflow items were an ¥11.8 billion decrease in notes and accounts payable-trade and income taxes paid amounting to ¥3.2 billion.

Net cash provided by investing activities increased ¥9.1 billion from the previous fiscal year to ¥20.5 billion. Principal cash inflow items were proceeds from redemption of investment securities amounting to ¥30.0 billion and proceeds from redemption of marketable securities amounting to ¥6.0 billion. Principal cash outflow items were payment for purchase of marketable securities amounting to ¥11.0 billion and payment for purchase of property, plant and equipment and intangible fixed assets amounting to ¥3.9 billion.

Net cash used in financing activities increased ¥0.2 billion from the previous fiscal year to ¥12.1 billion. The principal cash outflow item was cash dividends paid amounting to ¥12.1 billion.

For fiscal 2018, the Company forecasts net cash provided by operating activities of ¥15.0 billion, net cash used in investing activities of ¥5.0 billion attributable to capital investment, and net cash used in financing activities of ¥12.0 billion attributable to payment of cash dividends.

As a result, the Company forecasts an decrease of ¥2.0 billion in the cash balance at the end of fiscal 2018 compared to the end of fiscal 2017.

### (4) Future outlook

Regarding the market environment for the next fiscal year ending March 31, 2018, in line with the enactment of the Act Concerning Promotion of Development of Integrated Resort Areas (“Integrated Resort Promotion Act”) in December 2016, the pachinko and pachislot industry, together with government-controlled competitive sports for which government-operated gambling is allowed, is urged to sincerely implement countermeasures for compulsive gambling. Therefore, change in the market environment is expected, including review of regulations. However, it is also a great opportunity for the pachinko and pachislot industry to change its direction and address the industry's enduring issue, namely, the development of an environment where players can relax and enjoy playing pachinko and pachislot. The Company will continue development of pachinko and pachislot machines offering diverse gaming performance while promoting cost reduction to recover profitability.

The Group's plan calls for sales volumes for the fiscal year ending March 31, 2018, of 225,000 pachinko machines and 40,000 pachislot machines.

The consolidated business results forecast for the fiscal year ending March 31, 2018, are as follows:

	<b>Forecast</b>	<b>Year-on-year change</b>	<b>FY 2017 results</b>
Net sales	¥97.0 billion	19.1% increase	¥81.4 billion
Operating income	¥8.1 billion	60.1% increase	¥5.0 billion
Recurring income	¥8.7 billion	127.0% increase	¥3.8 billion
profit attributable to owners of parent	¥5.8 billion	226.3% increase	¥1.7 billion

**\*Caution regarding Forward-looking Statements**

The forecasts and other forward-looking statements contained in this report are based on information currently available to the Company and on certain assumptions deemed rational. The company does not guarantee their realization. Actual results, performance or achievements may differ materially from those expressed in forward-looking statements owing to various factors.

**(5) Basic policy on profit sharing and cash dividends for fiscal 2016 and fiscal 2017**

The Company regards the return of profits to shareholders as one of the most important management priorities. The Company's dividend policy is to maintain a payout ratio of 25% of consolidated Profit attributable to owners of parent and the aim is to continuously increase dividends.

In line with the above basic policy and from the viewpoint of stable dividend payment, the Company plans to pay a dividend of ¥150 per share (including a ¥75 interim dividend) for both fiscal 2016 and for fiscal 2017. This will result in a consolidated payout ratio of 683.6% for fiscal 2016 and 209.5% for fiscal 2017.

The Company will effectively utilize retained earnings for product development, capital investment, and sales & marketing to improve business performance. Repurchasing of own shares will be decided from the viewpoint of enhancing capital efficiency.

### 3. Management Policies

#### (1) Fundamental management policy

The basic philosophy of SANKYO Co., Ltd. (the Company) and its consolidated subsidiaries and affiliates (SANKYO Group) is to fulfill its mission, namely, to contribute to the sound development of pachinko and pachislot, which are popular leisure activities in Japan, and to the quality of life in society as a leading company in the pachinko and pachislot industry.

SANKYO Group's stakeholders include shareholders, pachinko parlors, which are the Group's customers, pachinko players, suppliers, local communities, and employees. One of the most important management tasks is to maintain good relations with each of these stakeholders, and accordingly, the Group has set the following fundamental management policies:

- a. Maximize stakeholder value and achieve the optimum distribution of that value
- b. Ensure compliance with laws and regulations, social norms, and corporate ethics
- c. Enhance efficiency and transparency of management
- d. Inspire employees and develop their capabilities
- e. Enhance society's trust in the pachinko and pachislot industry

#### (2) Performance indicators

SANKYO Group aims to achieve sustainable growth by establishing a solid position in the industry through increasing its share of the pachinko and pachislot markets. The Company believes that the results of this effort are reflected in the ratio of operating income to net sales and formulates and implements various measures to increase competitive advantage in product planning, development, production, and marketing with the objective of increasing this ratio. The Group will continuously engage in cost reduction measures, including improvement of the efficiency of advertising and sales promotion, the sharing of parts and materials, and the streamlining of logistics.

The table below depicts change in the ratio of operating income to net sales for the most recent three-year period.

	FY2015	FY2016	FY2017
Ratio of operating income to net sales (%)	9.0	13.7	6.2

#### (3) Medium-to-long-term management strategy

In order to maintain growth and increase profitability, SANKYO Group will concentrate its resources on the game machines business, endeavoring to offer highly competitive innovative products that vitalize the pachinko and pachislot industry while aiming to secure a competitive advantage as a manufacturer that continues to lead the market.

The Company established the Business Planning Department on April 1, 2017 and has started diversification of sources of profit for the future. The mission of the Business Planning Department is to promote effective utilization of content owned by the Group and conceive new businesses based on flexible thinking unconstrained by the framework of existing businesses.

#### (4) Management issues

The SANKYO Group will address the following two principal management issues:

##### a. Initiatives to revamp pachinko and pachislot player population

The pachinko and pachislot industry is promoting development and diffusion of diverse pachinko and pachislot machines conducive to players' enjoyment and relaxation and to popularize such machines. Meanwhile, following the enactment of the Act Concerning Promotion of Development of Integrated Resort Areas ("Integrated Resort Promotion Act") in December 2016, which is the first step toward legalization of casinos in Japan, a move to enact a basic law concerning countermeasures for compulsive gambling is gaining momentum and the pachinko and pachislot industry, together with government-controlled competitive sports for which government-operated gambling is allowed, is urged to sincerely implement countermeasures for compulsive gambling and to discourage players from becoming overly immersed in playing.

The industry shares the recognition that its approach to maintain the scale of the market by the increase of customer spend led to the problem of excessive immersion of players in playing and the decrease in the player population. The Company hopes that the enactment of the Integrated Resort Promotion Act will provide a great opportunity for the industry to change its direction and promote development of pachinko and pachislot machines that can be played at a reasonable cost and operation of pachinko parlors that do not depend on heavy players.

In addition to the industry-wide initiative to promote diffusion of "Choi-pachi" enabling players to play pachinko at a reasonable cost and enjoy jackpots at a higher probability, the Group will continue efforts to develop diverse pachinko and pachislot machines capable of appealing to a wide range of people by utilizing development expertise cultivated over many years.

b. Initiatives to strengthen earnings power

As part of measures to strengthen the Group's earnings power over the medium-to-long term, the Group is addressing a key issue, that is, to boost the ratio of operating income to net sales by expanding the Group's shares of the pachinko and pachislot markets and increasing sales while reducing costs and curtailing selling, general and administrative expenses.

Reflecting the severe market environment in recent years, sales of pachinko and pachislot machines are increasingly gravitating toward smaller lots. The Group aims to maintain and expand sales by enriching the development line-up and shortening the development lead time so as to secure sales volumes and the market share even in these circumstances. The Group classifies its products into high-end models or low-end models and models through tie-up with licensors or models featuring original content and modulates allocation of costs, such as manufacturing cost and R&D expenditure, according to the classification of products for thorough profit/loss management for each product in order to secure profit even in small-lot manufacturing and sales.

#### **4. Basic Approach to the Selection of Accounting Standards**

The Group intends to prepare consolidated financial statements in conformity with the generally accepted accounting principles in Japan (Japanese GAAP) for the time being, taking into consideration comparability of consolidated financial statements over time and comparability among companies.

With regard to adoption of the International Financial Reporting Standards (IFRS), the Group intends to make an appropriate response, taking into consideration situations in Japan and abroad.
